Under the aegis of His Excellency the President of the Republic of Algeria

Mr Abdelaziz BOUTEFLIKA

and with the partnership of the Ministry of Youth and Sports,
the Algerian Federation of Motorsports organizes the fourth edition of the

ALGERIA RALLY : SAHARI RALLY

The DESERT's VIBRATION

After the high success of the third edition, the 2018 edition of the Algeria Rally is under the best auspices. The Algerian territory offers to this legendary race, an enormous variety of scenery and grounds. Thus, this new edition will offer courses completely new and rich in driving sensations by combining the fast tracks on pleasant and off-road routes in the sands of the Sahara through the spectacular landscapes of the great erg Oriental and Occidental..

Always under the control of the FASM (Algerian Federation) and the Ministry of Youth and Sports, this new edition is based on its experience and promises to offer the best in terms of efficiency and safety to the pilots who will participate in this great international sporting event.

This year again, registration costs are the most competitive and the rally will offer as usual unforgettable bivouacs where comfort, mutual aid and entertainment will be at the rendezvous.

COURSE 2018

After the traditional opening ceremony in Algiers, the caravan will start with a link to Laghouat, starting point of the race. After two stages of tracks along the great Oriental Erg, the pilots will join Timimoun, the famous red city, from which will take place three loops in the great erg Occidental among the most beautiful dunes of the Sahara. Then it will be the return with two grandiose stages to Laghouat and a last connection to Algiers.

Nine days of competition, will offer the opportunity of an extraordinary journey in the heart of this country decided to ensure the historic role of the homeland of the Rally-Raid and to open its doors to international tourism.

BIVOUACS

Algeria, through the organizations of the FASM, has accustomed us to picturesque and with a high level of bivouacs organization. The architecture of the course allows the committee to install for the duration of the rally three very comfortable bivouacs with the colors and flavors of the Algerian culture.

ROAD-BOOK

This year, the FASM has called on one of the best professionals in the sector to offer drivers a roadbook complying with the latest FIA and FIM standards.
